Ayush Singh Chouhan

Tech Savvy | Cybersecurity Enthusiast | FSE

Professional Summary

Experienced **.NET Developer & Cybersecurity Analyst** with **2 years of expertise** in **developing secure web applications and monitoring cyber threats**. Skilled in **ASP.NET MVC, C#, SQL, Web APIs**, and **SIEM tools like Splunk and QRadar**. Strong background in **full-stack development, threat detection, log analysis, and incident response**. Proficient in **firewalls, access control, vulnerability assessment, and security best practices**. Passionate about leveraging **software development and cybersecurity** to build **secure, efficient, and scalable solutions**.

Work experience

COGNIZANT TECHNICAL SOLUTION   **2022 Dec - 2025 Feb**

JUNIOR SOFTWARE ENGINEER

I worked in **L1 and L2 support** for a **.NET-based retail system** and **cybersecurity operations (SIEM/SOC)**. In **L1 support**, I resolved **login issues, payment failures, and inventory mismatches**, while monitoring **POS transactions and security alerts**. In **L2 support**, I debugged **C#/.NET code, APIs, and SQL queries** to fix **order errors and system issues**, and analyzed **SIEM logs using Splunk/QRadar** to detect threats like **malware and unauthorized access**. I also worked on **incident response, security patching, and threat hunting**, ensuring **system stability and cybersecurity compliance**.

COGNIZANT TECHNOLOGY SOLUTION   **2022 Mar - 2022 Sep**

PROGRAMMER TRAINEE

During my **FSE internship**, I gained hands-on experience in **.NET development** and **cybersecurity operations**. I built and optimized **ASP.NET MVC applications**, resolved **critical system issues**, and improved **database performance and API security**. On the cybersecurity side, I monitored **real-time threats using SIEM tools (Splunk/QRadar)**, detected **phishing attacks and unauthorized access**, and assisted in **incident response**. My contributions helped enhance **system efficiency, security, and reliability**, bridging the gap between **software development and cybersecurity**.

Skills

.Net MVC & ASP.NET

.NET & ASP.NET MVC – Expertise in building dynamic web applications using **MVC architecture**.

C# Programming – Strong command of **OOP principles, LINQ, delegates, and asynchronous programming**.

SQL Server – Skilled in **database design, stored procedures.**

Frontend Technologies – Worked with **HTML, CSS, JavaScript, and Bootstrap for responsive UI design.**

Cybersecurity Skills – SOC & SIEM

SIEM Monitoring – Hands-on with Splunk, LogRhythm for real-time threat detection.

SOC Operations – Monitored and responded to **security incidents**.

Threat Detection – Identified **phishing, malware, and unauthorized access** attempts.

Log Analysis – Investigated **suspicious activities** in system logs.

Education

Lakshmi Narain College of Technology , Bhopal   **2019 Aug - 2022 April**

MCA - Masters Of Computer Application

CGPA - 8.5

Govt Arts And Commerce College , Harda   **2015 Aug - 2018 April**

Bsc - Bachelor Of Science (CS)

Percentage - 65

Sunflower H S School , Harda   **2014 July - 2015 April**

12Th - PCM

Percentage - 64

Text section

- **Certified Front-End Web Developer (Cert ID: 1810ff00)** **2025 January**
